**Subject:** Port Neches Explosion - 1400 Hysplit Model for Smoke Plume  
**Attachments:** 1400 Small TPC Port Neches Smoke Plume NWSLKC.pdf

Adam,  
Here's the most current model output.

When it comes from NWS, there will be a link - this is the combined results pdf.

It looks like a big footprint, but most of it is blue and green, which are not actionable levels.

Paige
